EUROPARENTS 2020

Erasmus + 2020-1-DE02-KA204007394

THE PROJECT

The project was approved under the framework Erasmus+ programme in 2020 with the aim of going deeper into family conflicts in Europe.

The family is the smallest system in European society, the starting point for democracy building and social change, and therefore deserves special support.

We know from our previous project that families across Europe are in conflict about similar issues, that almost everyone is "stuck" in the same places.

There we have exchanged ideas in a consortium of **DE**, **AT**, **BG**, **ES** and **GR**, collected the results and prepared them for publication.

Europarents 2020' will be based on previous results: first we will carry out a survey in order to be able to orient our following approach precisely to the needs of parents.

After that, we want to develop together a game that facilitates and stimulates communication on difficult topics in the family.

By playing the game, you will not only get an idea of how certain issues affect families all over Europe, but you will also come into direct contact with approaches from other countries and be able to reflect on them in a playful way.

THE BEGINNING

PROJECT BACKGROUND

EUROPARENTS2020 is based on the results of the previous EUROPARENTS project.

This project analysed the situation of families in Europe and made a comparison between the different countries. EUROPARENTS2020 goes one step further and develops a game to facilitate and stimulate communication on difficult topics in the family.

Based on our work so far, we can see that families always look for assistance in relation to similar problems and many parents are relieved when they realise that they are not alone with their problems.

CONTEXT PRIORITIES OBJECTIVES

HORIZONTAL PRIORITY

Supporting educators, youth workers, educational leaders and support staff

PRIORITY:

ADULT EDUCATION: Extending and developing the competences of educators and other personnel who support adult learners

TOPICS:

Health and wellbeing / Social dialogue

The aim of the project is a low-cost exchange on especially significant and contentious issues in family counselling as well as in adult education on family issues.

"Europarents" project aims to provide (social) educators, counsellors and adult trainers from different institutions with a high quality tool for family counselling and support, as an educational game.

TARGET GROUPS

The direct target group is the staff of the organisations who, through their work and ultimately through the distribution of the game in the organisation, will bring the results to the indirect target group of parents and families.

Families can get the **feeling that others in Europe feel the same way as they do, the sense of European community, and at the same time find new ways of resolving family conflicts.**

Community feeling

New solutions

European exchange

INTELECTUAL OUTPUTS

IO1 - Comparison and analysis of the situation of families in Europe

Study/Analysis/Data collection

Through desk research, the aim is to identify, at national/country partner level, the problems and needs of families in the 21st century.

IO2 - Europarents - the game

Educational material/training/learning game

A game that creates a pleasant atmosphere can be particularly useful for addressing and reflecting on controversial and potentially unpleasant issues.

IO1 - Comparison and analysis of the situation of families in Europe

- The results influence the development of play that facilitates and stimulates communication.
- Interviews in all languages of the consortium
- 80 families interviewed per partnership

102 - Europarents - the game

Learning content can be better internalised the more positive the emotional state is at the time of teaching

- Playing cards. Exchange and union

- Themes:

- Education (especially media education, differentiating concepts, etc.)
- Money management
- Communication and culture of controversy
- Compatibility of family and work
- Gender equality

Reflection and
time together to
discuss
relationship
issues

Reaching the largest
possible population

THE GAME: "FAMILYTIME"

For parents/families
in a relaxed
atmosphere

Tested in the
different languages
of the consortium

TRANSNATIONAL PROJECT MEETING

THERE WILL BE 4 TRANSNATIONAL MEETINGS

**KICK OFF
WINSSEN/LUHE,

PARTNERS

Coordinator. Systeme in Bewegung

The project "Systeme in Bewegung" was founded in 2014 and has been registered as a non-profit association since 2016, based in Winsen/Luhe.

Systeme in Bewegung is an educational and counselling institution for young people and adults.

The aim of the association is to support and assist parents and families and to promote family cohesion.

SiB has been offering counselling and courses for families since 2016. SiB offers educational and counselling for the Stiftung Medien-Stiftung, and stress management competence courses for child carers and parents or exercise courses for other organisations.

Akademie für politische Bildung und demokratiefördernde Maßnahmen

The Academy for Civic Education and Promotion of Democracy is a non-profit association working for civic education, prevention of educational inequalities, equal opportunities for unemployed and workers of all ages, immigrants and especially women in the labour market. We support the personal and academic development of children, adults and disadvantaged people through a wide range of educational opportunities for schools, companies and public institutions.

The aim of our activities is to promote civic education through specific educational opportunities, international understanding and cooperation, written, visual and auditory documentation, and to help disadvantaged groups to participate in society. We fulfil our mission through workshops and counselling, research and publications.

AIFED. Asociación de Innovación Formación y Empleo para el Desarrollo Sostenible

AIFED is a regional organisation working in the field of education, culture and employment in Granada, Spain. It is an initiative of some collaborators with experience in European and educational programmes to create a non-profit association with a humanistic character.

We work mainly in the promotion and management of training, innovation and employment in different fields of education and culture. We are also an active association in the field of social services. AIFED participates with other local, regional, national and international bodies in the organisation of cultural and training activities for innovation and access to employment.

AIFED develops European and national programmes, cultural and employment promotion activities. We support the development and promotion of volunteer programmes and encourage e-learning in vocational education and training. We defend the rights of teachers. Thanks to our experience, we have built up a network of associations and co-operation partners with whom we work in different fields, including European partners.

LERNWERKSTATT EUROPA

Lernwerkstatt Europa e.V., which is called Lewke, is based in Pleven/Bulgaria.

It was founded in 2012 and has three employees and volunteers with pedagogical and socio-pedagogical job profiles. The team is familiar with project organisation. Lewke's aim is to support social integration and personality fulfilment by respecting the needs of children, young people, families, people of retirement age, disabled people and people with special social problems.

In this context, the association creates an environment for education, training and culture. Since the foundation of the association, co-operations have been established especially with the city of Pleven.

These concern the support of young people, families and the field of education in the social support system.

LewkE assumes responsibility for media education in Bulgaria, is setting up a national network for this purpose and offers educational support in the form of pedagogical counselling.

EDUCOMMART

<https://www.educommart.org>
Greece

Educommart is a non-profit organisation founded in 2016 and based in Athens. It defines itself as a meeting point for creative educational paths for children, teenagers and young adults who have the desire to shape their own life trajectory in a meaningful way. At the same time, it is a meeting point for partner institutions that want to address social and economic obstacles with their projects and develop and implement educational programmes together with educommart.

For this, it provides ways to enrich the personal lives of individuals in their everyday and professional lives, thus positively influencing our society as a whole. To achieve its goals, educommart puts values such as charity, solidarity, cooperation and trust at the forefront. Educommart wants to create space for new structures and impulses for a holistic approach to education.

STIFTUNG MEDIEN- UND ONLINESUCHT

Stiftung Medien und Online Sucht (hereinafter SMOS) is a non-profit foundation. It is based in Lower Saxony. SMOS was founded in 2007 and has 6 full-time employees and volunteers with pedagogical, socio-pedagogical and psychological profiles.

Apart from the media addiction scenario, they are confronted daily with the problem of excessive media consumption. Their aim is to help in this field. The promotion of digital competence is the commitment of SMOS, especially for children, young people, parents and educators. Since its founding, the foundation has been involved in various fields to this end.

- It is the founding network of a national support system.
- In the European context, SMOS coordinated several learning partnerships and workshops in the field of adult education and vocational training.
- It is involved in the organisation of the annual European Safer Internet Day and is listed in Klicksafe.
- At regional level, it is involved in several early childhood education projects.
